

HEALTH OPTIMIZING IMMUNE-SUPPORT

Health Optimizing Immune-Support is a collection of the best-known natural ingredients for anti-viral, anti-bacterial, and immune-supporting effects. This powerful blend is unlike anything else on the market and the effect of each ingredient is backed by published clinical trials. With the current threat at hand, this product will help you sleep better at night!

ABOUT

Our 22 years of experience assessing people's health inspired Health Optimizing Supplements; born from a desire to provide real solutions for people around the world for maintaining health at home; to create a sustainable, long-lasting positive impact, as additional fuel to lead a healthy, happy life.

UNIQUE INGREDIENTS

Our formula includes all the best-known natural ingredients for anti-viral, anti-bacterial, and immune-supporting effects. This powerful blend is unlike anything else on the market. Health Optimizing Immune-Support contains the optimal dosage of each ingredient for achieving maximum benefits without any negative side effects.

PROVEN BY CLINICAL TRIALS

There is a vast amount of documentation proving the efficacy of each ingredient in our unique formula. We have put together a PDF document highlighting the most important findings, available upon request. This is a strong indicative factor of the power of Health Optimizing Supplements, as most supplements on the market are not as extensively backed by clinical trials.

KEY BENEFITS

- May reduce viral infections, such as seasonal cold and flu, and the current global viral threat. (Impacts the virus itself, the body's defences against it, and the symptoms from it.)
- Anti-pathogenic effects (including against drug-resistant bacteria) and inhibits the growth of yeast/fungi and bacteria.
- Immune effects demonstrated on neutrophils, macrophages, lymphocytes, cytokines, and antigen-presenting cells.
- Immune-modulation: Supporting the weak aspects and balancing potentially challenging over-reactions.

STANDARD DAILY DOSAGE

This product is primarily intended for situations where you may have been exposed to a contagious virus or other pathogens. If you are experiencing symptoms of infection, it is important to start taking it as soon as possible, until you are fully recovered. It may also be used prophylactically as a preventative measure against potential risks during viral seasons or pandemics.

One capsule should be taken 3 times per day with a glass of water. The standard daily dosage (3 capsules) of our immune-support formula contains:

- 90mg Elderberry (*Sambucus nigra*) powder 10:1
- 250mg Carvacrol (*Origanum vulgare*) powder 5:1
- 250mg Ivy Leaf (*Hedera Helix*) powder 10:1
- 60mg Delphinol® 35:1
- 2100 IU (52.5 µg) Vitamin D3
- 1500mg Vitamin C
- 25mg Zinc
- 1.5mg Copper
